About

AI enthusiast blending artificial intelligence, design, DevOps, and cybersecurity to build intelligent, secure, and visually compelling solutions. I focus on crafting AI-powered products, leveraging creative design, automating infrastructure, and hardening systems against threats. Always evolving—where technology meets creativity, that's where I build.

Projects

id.card

Next.js, Vite

- Developed a dynamic web application enabling users to design and generate custom business cards in real-time.
- GitHub link: stealthwhizz/id.card 🔗
- Website: id.card 🔗

Hand-Sign Detection

MediaPipe, OpenCV

- Developed a real-time deep learning system for hand gesture recognition using OpenCV, MediaPipe, and NumPy, enabling applications like sign language interpretation and gesture-based controls.
- GitHub link: stealthwhizz/Hand-Sign-Detection 🔗

whizz.ai

LangChain, VectorDB

- Built a secure SaaS AI knowledge engine enabling enterprises to query internal documents via private ChatGPT-like conversational interface.
- GitHub link: stealthwhizz/whizz.ai 🔗

Prime-Listing

Express.js, MongoDB

- Developed an interactive real-estate management website using MERN stack, next.js, MongoDB, and React.
- GitHub link: stealthwhizz/prime-listing 🔗

Experience

Intern, LaunchED Global - Bengaluru, India

August 2025

- Completed a DevOps internship focused on CI/CD pipelines, cloud infrastructure (AWS, Azure, GCP), Infrastructure as Code (Terraform), Kubernetes, and AI-powered automation. Delivered multiple real-world deployment projects.

Skills

Programming Languages: Python, C/C++, Java, JS, TS

Web Development: TypeScript, Bun, Next, T3Stack, MERNStack, PostgreSQL, TailwindCSS

DevOps: Docker/Podman, Git, Bash

Add-ons: Cryptography, Markdown, Solving 50+ DSA Problems

Education

PES University, BTech in CSE - Bengaluru, India

2023 - present

IMSC Institute, PUC - Mysuru, India

2023

Percentage: 94% - PCMC

St. Joseph's Central School, CBSC - Mysuru, India

2021

Percentage: 96%

Hobbies

- **Reading:** Variety of genres like fiction, geopolitics, self-help, money
- **Gaming:** Minecraft, Terraria, Grand Theft Auto series, Valorant
